

Shifter support lifter lower

These steel lifter arms push back the ratchet pawls so you can shift both ways.

**34506--52
1952-1971**

**34506--52A
1972-1984**

This part changed in 1972 when the factory changed from the plunger style pawls to the hook style.

The Iron Sportster trap door assembly holds the mainshaft, countershaft, and shifter mechanism.

The Iron Sportster shifter comes as the 34009-52 assembly.

34506--52A

1972-1984

Here is the lower lifter installed and staked on with the two lifter dowel pins.
