

Shifter fork shaft

Two snap rings hold the mainshaft roller bearing into the trap door.

**34141-52
1952-1976**

**34141-52A
1977-1984**

The 52A part most likery retorfits to all models. Perhaps the taper on the end was added or changed.

This part mounts the two shift forks adn allows them to slide as you change the gears.

The Iron Sportster trap door assembly holds the mainshaft, countershaft, and shifter mechanism.
