

# imonly2yearsold's 1976 Sportster chopper

**This bike was recently showcased at the Mooneyes show in Los Angeles.**

This beautiful 1976 Harley Davidson Sportster chopper was built by Spitfire Motorcycles in Rancho Cucamonga California. It will be in the upcoming Horse magazine. This bike starts and runs perfectly and is a blast to ride. All parts are either brand new or recently rebuilt.

It has a brand new Spitfire rigid frame, brand new anodized aluminum rims and hubs, and a rebuilt Buell inverted front end and brake. The rebuilt HD 1100 motor and trans has only 1 hour of running time. Its got brand new tires, brand new custom black and blue paint with pinstriping, and electric start.
